

AA Zurich Invites You to Attend:

With Special Guest: Clancy I.

An AA Speaker Event

on Saturday 21 January 2012, 13:00–18:00

Start your New Year in recovery by attending a very special AA Speaker Event in Zurich. The Monday 12 & 12 Group, with the help of other members of the Zurich AA community, are pleased to welcome three guest speakers to our annual workshop event: Clancy I, Pacific Group, (USA), Dave, CER chairperson from Frankfurt and Sheila, a member of the Geneva AA community.

Join in the fellowship of AA as we come together under the theme:

“Building a Sober Community”

The event is free (7th tradition) and open to all members of 12 Step recovery programs. To assist in the planning and advance organization for what promises to be an inspiring and exciting afternoon, please reserve your place or number of seats by e-mailing zurichworkshop@gmail.com.

As further details come together, program schedule and additional information will be posted on www.aazurich.org.

Location: Kirchengemeindehaus-Hottingen, Asylstrasse 32, 8032 Zürich
Doors open 12:30 PM. Event begins 13:15 and finish 18:00.
Clancy I. is scheduled to speak at 16:00.

The Monday 12 & 12 Group welcomes anyone who wishes to assist in event planning and production activities. Join us at one of our regular weekly Step meetings, Kirchengemeindehaus-Hottingen 20:00-21:00, and speak to the organizing committee.

Clancy I.

has been sober over 50 years and personally met with Bill W. to discuss his own alcoholism. He is the founder of the Pacific Group, the largest weekly AA meeting in the world (1000+ in attendance each Wednesday!).

One of the best-known guest speakers in AA, Clancy has logged over 2.5 million miles speaking around the world.

Many people benefit from listening to recordings of Clancy and other speakers when living in places where meetings are few or far between.

This will be his first visit ever to Switzerland so don't miss the opportunity to hear him in person as he shares his experience, strength and hope with our fellowship.
